If your Purse
Leaked

You'd stop that leak instantly. How about your house? Is there any leakage there? A house is really a purse with lots of money in it. This wet weather is hard on your roof and unless properly looked after every cent's worth will leak out. Better see me now.

WIDEAWAKE

There are wideawake stores and wideawake people. This is a wideawake store for wideawake people.

A wideawake store is one that provides the best goods, enough of them, not too many; sells them liberally, and takes the responsibility for 'em.

Wideawake buyers distinguish between the asleep and wideawake stores, between the true and the false, between the close and generous dealing, between the take your chance and responsible stores, and between the goods that are sold therein.

IT'S AN
OPEN SECRET

That we pay more attention to the wants of our patrons than any other Feed company doing business. This is especially true of our out of town customers, who rely upon our judgment of their wants to send them the very best article, be it Hay, Grain, Flour or Middlings. We never knowingly send them an inferior article, or one that is old and musty. Permanency of patronage is what we are after and what we are getting every day and every year.

The first named officer is under instructions to proceed to Washington and there to seek permission to enter the United States Naval Academy and study the methods in vogue there for teaching the art of naval warfare. Lieutenant Takarabe is to go to London and seek to obtain permission from the Government to study steam engineering in the best schools, particularly those pertaining to naval warfare.

DINNER PARTY ABANDONED.
Mrs. Hayward received word today that her nephew, Robert Wilson, had died last week in Washington. This has necessitated Consul General and Mrs. Hayward abandoning the dinner party to be given in honor of Admiral Beardslee. They will not accept any social invitations for the next fortnight or so.

REMARKABLE CURE OF CHRONIC
DIARRHOEA.

In 1862, when I served my country as a private in Company A, 16th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colera and Diarrhoea Remedy, and after that I bought and took a 50-cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STEINBERGER, Allentown, Pa. Sold by all druggists and dealers. Benson, Smith & Co., wholesale agents for the Hawaiian Islands.

G. B. GOOD BREAD. G. B. THEY MUST GO.

That is the basement bakeries in the United States and Europe. They are considered a menace to the public health. Basements, foul air, cholera, typhoid fever, etc., are close friends. Breadstuffs manufactured in a light and well ventilated room above ground, with plenty of sun light, are free from the danger of such infections. The German Bakery is built according to sanitary laws, and you are cordially invited to come and see and be convinced.

Sleep

Induced by the use of coca, opiate or narcotic compounds, is bad, decidedly bad. It undermines the health and shatters the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla may not come as quickly, but it comes more surely, permanently and is

Sweet

And refreshing because it is realized through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Refreshing

"I was generally run down last spring, appetite was poor and I could not sleep. Hood's Sarsaparilla built me right up, gave good appetite and I was soon able to get a good night's rest." G. F. WHITNEY, Merchant, Yeomans St., Ionia, Michigan.

SULPHATE OF AMMONIA

is a form of nitrogen most unquestionably best adapted for covering the greatest diversity of conditions. Its solubility in water gives it a large measure of the active property of nitrate, while its behavior in relation to the soil is a protection against waste by leaching in moderate climatic conditions, analogous to the properties of organic nitrogen fertilizers.

The testimonies from numerous plantation managers concur in giving to sulphate of ammonia a very high value.

BONE MEAL

contains an abundance of ammonia, and cane prefers to take its nitrogen from ammonia sulphate. The mechanical state of bone meal is of primary importance. The finer it is, the sooner it is attacked by solvents.
